No liability is accepted for damage resulting from use.

- **ROBUST CONSTRUCTION**
- **CAPACITY 10 kg**
- **Continuous adjustable 100°C – 300°C**
- **600 Watt HEATING POWER**
- **Indicator lamp**
- **HEAT BUFFER**
- **ELECTRODE BASKET as option**

The Dryfast welding electrode drying oven SET - 2 is the ideal model for mobile applications in the workshop.

Thanks to the infinitely variable thermostatic control, the SET-2 electrode drying oven is extremely versatile.

The robust, double-walled and well-insulated housing is made of powder-coated and galvanised sheet steel.

The SET-2 is not supplied with an electrode basket but as option.

The lifter is used for easy filling and removal of the electrodes.

The electrode dryer of the SET - 2 series are equipped with a 230V connection cable with a Schuko-plug.

Ventilation of the moisture-saturated atmosphere is ensured via the exhaust air duct on the lid.

Interior made entirely of stainless steel

All these features make the SET - 1 / TR the ideal appliance for the construction site.
